Summary

Study informatics for my bachelor's degree Jakarta Global University, and I am a creative and dynamic web designer currently in my 6th semester at Universitas Global Jakarta. With a strong design background, I possess a diverse skill set that enables me to craft engaging and functional web solutions. My expertise includes using Figma for interface design, as well as HTML and CSS for web implementation and development. I am passionate about leveraging my creativity and technical skills to tackle challenging web design projects.
